Creating Account

The image shows a screenshot of the GitHub homepage. The background is dark with a faint circuit-like pattern. The main heading is "Built for developers". Below it, a paragraph describes GitHub as a development platform. On the right, a white sign-up form is highlighted with a green border. The form contains fields for Username, Email, and Password, followed by a green "Sign up for GitHub" button. Below the button, there is a small disclaimer about terms of service. At the bottom of the page, there is a section for "Get started with GitHub Enterprise" and a cartoon illustration of people working on computers.

This same we do with adding new file:

- show in explorer
- copy
- paste
- fetch origin
- commit to
- push origin
